

**Climate Action Week Highlights  
12-18 July 2021**

(Full list at [www.mse.gov.sg/climate-action-week](http://www.mse.gov.sg/climate-action-week))

<b>Date</b>	<b>Event Details</b>	<b>Organiser</b>
12 July  1000 – 1200 hrs	<p><b>Partners for the Environment Forum</b></p> <p>This webinar brings together MSE partners from the Private, Public and People sectors and members of public to exchange ideas on how we can work together to realise the Singapore Green Plan 2030. Find out more about the GreenGov.SG movement, and how the Government and others are raising the bar on sustainability.</p> <p>More info at <a href="https://fb.me/e/CzHallF6">fb.me/e/CzHallF6</a>.</p> <p><u>Details</u> Venue: FB Live Open for media coverage – Yes</p> <p><u>For more information, please contact:</u> Tan Min Yi, MSE Tel: 8321 6543 Email: <a href="mailto:tan_min_yi@mse.gov.sg">tan_min_yi@mse.gov.sg</a></p> <p>Samuel Lee, MSE Tel: 9046 0344 Email: <a href="mailto:samuel_lee@mse.gov.sg">samuel_lee@mse.gov.sg</a></p>	<p><b>Ministry of Sustainability and the Environment (MSE)</b></p>
13 July  1500 – 1630 hrs	<p><b>SGBC Webinar: Understanding the Living Building Challenge &amp; WELL Certification</b></p> <p>In this webinar, participants learn about the Living Building Challenge certification programme by the Institute of Living Future, with an emphasis on the Petal Certification Pathway. The session will also feature an overview of the WELL certification scheme from the International WELL Building Institute, exploring its features, benefits, and implications on human health and building design.</p> <p>The webinar will be rounded up by Prof Lam Khee Poh, Dean of the National University of Singapore (NUS) School of Design and Environment (SDE), who will provide insights on how and why NUS has meaningfully incorporated elements of the Living Building Challenge and WELL certification in the SDE micro-campus project.</p>	<p><b>Singapore Green Building Council</b></p>

14 July	<p><b>Grab Singapore's 2030 Transport Sustainability Goal</b></p> <p>Grab Singapore has committed to operate a full fleet running on cleaner energy by 2030. This goal is part of the broader GrabForGood initiative that seeks to positively impact three core groups – People, Partners and the Planet. As one of its first steps, Grab has unveiled two programmes.</p> <ul style="list-style-type: none"> <li>• <b>JustGrab Green:</b> A new transport type, which is serviced by a fleet comprising electric or hybrid vehicles of minimally Vehicle Emissions Scheme A2 band. Compared to a regular vehicle running on petrol, carbon emissions can be reduced by an estimated 55% with a hybrid or electric vehicle.</li> <li>• <b>Green Programme:</b> Passengers can opt in to turn on this feature and pay a nominal S\$0.10 when they book any ride. To encourage consumers to be part of this initiative, Grab will match the \$0.10 contribution for up to three million rides. The full contribution will go into carbon offset and solarisation projects in Singapore and the region.</li> </ul> <p>More Info at <a href="https://www.grab.com/sg/press/others/grab-singapore-announces-transport-sustainability-goal-as-part-of-its-grabforgood-initiative-aims-for-a-full-fleet-running-on-cleaner-energy-by-2030/">https://www.grab.com/sg/press/others/grab-singapore-announces-transport-sustainability-goal-as-part-of-its-grabforgood-initiative-aims-for-a-full-fleet-running-on-cleaner-energy-by-2030/</a></p> <p><u>Details</u> Venue: Grab app Open for media coverage – Yes</p>	Grab

<p>15 July</p> <p>1900 hrs</p>	<p><b>Climate Actions in Singapore: How Impactful Are They and How Do You Influence Others?</b></p> <p>Kosong Plan is a landmark initiative that coordinates efforts from businesses, organisations and individuals towards achieving net zero carbon emissions by 2050. This session features a climate expert and past Kosong Plan volunteers who have contributed to initiatives in line with the Singapore's Green Plan. Through the discussion, you will find out more about the work that has been done to encourage sustainable living, the impact of actions, and how to influence others. Join the Kosong Plan initiative and fight for even lower carbon emissions!</p> <p>Find more info at <a href="https://www.eventbrite.sg/e/climate-actions-in-singapore-a-deep-dive-into-individual-influence-impac-tickets-162375440313">https://www.eventbrite.sg/e/climate-actions-in-singapore-a-deep-dive-into-individual-influence-impac-tickets-162375440313</a></p> <p>Register at: <a href="https://wwf.zoom.us/webinar/register/WN_3zBinbxtT8Gd4a0dcWOX1Q">https://wwf.zoom.us/webinar/register/WN_3zBinbxtT8Gd4a0dcWOX1Q</a></p> <p><u>Details</u> Venue: Online Open for media coverage – Yes</p> <p><u>For more information, please contact:</u> Chitra Venkatesh, Head of Education and Outreach, WWF Singapore Tel: 6730 8100 Email: <a href="mailto:Cvenkatesh@wwf.panda.org">Cvenkatesh@wwf.panda.org</a></p>	<p><b>WWF Singapore</b></p>
<p>16 July</p> <p>1200 – 1300 hrs</p>	<p><b>‘Ask a Scientist: Climate Change and Nature-Based Solutions’</b></p> <p>This programme will engage the public in a discussion with scientists about climate change and nature-based solutions. A pre-event online survey will be conducted on social media to understand what the audience would like to know and understand about climate change and nature-based solutions. This will be followed by an online panel discussion with two Earth Observatory of Singapore (EOS) scientists, Prof Benjamin Horton and Associate Prof Perrine Hamel.</p> <p>Register and submit your questions by 9 July at <a href="https://forms.office.com/Pages/ResponsePage.aspx?id=SJP OFSq-">https://forms.office.com/Pages/ResponsePage.aspx?id=SJP OFSq-</a></p>	<p><b>Earth Observatory of Singapore, Nanyang Technological University</b></p>
